

This plan view map illustrates the right bank of the Moselle river, detailing the proposed flood defense line and associated infrastructure. Key features include:

- Geographical Context:** The map shows the river's course through the towns of Promocash, Jean Lain, Villarcher, and the ZA de la Prairie. The 'RIVE DROITE' (Right Bank) is clearly marked.
- Infrastructure and Landmarks:**
 - Promocash:** Located upstream, featuring a 'Bras mort' (dead arm) and a 'Section de contrôle' (control section).
 - Jean Lain:** A residential area situated along the riverbank.
 - Villarcher:** A residential area downstream, featuring a 'Rond point Villarcher' (roundabout).
 - ZA de la Prairie:** A zone located further downstream.
- Engineering Features:**
 - Flood Defense Line:** Indicated by a solid line with various colored zones (green, yellow, orange) representing different levels of protection or risk.
 - Lit mineur:** Marked with a dashed line and circles, indicating the minor bed level.
 - Structures:** Includes 'Talus amont digue rive gauche' (upstream dike on the left bank), 'Talus amont digue rive droite' (upstream dike on the right bank), and 'Piste d'entretien' (maintenance path).
 - Other Features:** 'Piste cycle / voie verte' (bicycle path / greenway) and 'Courbe de Villarcher' (Villarcher curve) are also labeled.
- Scale and Orientation:** A scale bar at the bottom right indicates distances of 0, 100, and 200 meters. A north arrow is also present.
