2-4 rue Louis Blériot / rue Auguste Perret / rue du Port / Quai Adolphe Giquere
RUEIL MALMAISON (92500)

An aerial photograph of a modern urban development in London. The central focus is a large, multi-story building complex with a prominent green roof. The building has a complex, angular design with multiple levels and terraces. It is surrounded by lush green trees and landscaping. To the left, there is a large, curved, light-colored structure, possibly a sports facility or a public building. To the right, there are other modern buildings, including one with a curved facade. In the foreground, a body of water (likely the River Thames) is visible, with a paved walkway and some greenery along the bank. The overall scene depicts a high-density urban environment with integrated green spaces.
