

- 
- The map displays a complex network of land parcels, each identified by a unique number. Buildings are represented by grey shapes, and roads are shown as lines. A red dashed line traces a path through the landscape, connecting several key points. These points are marked with colored circles: green, blue, and red. The map is labeled with various locations, including 'les grandes royes', 'frapelle', and 'les charnières'. The grid of numbers is a key feature, providing a reference system for the parcels and points of interest.
