This is a detailed urban planning map of Pagny-sur-Moselle. The map displays a dense network of streets and numerous buildings, represented by dark grey shapes. Property boundaries are delineated by thin grey lines, many of which are numbered. A prominent purple line traces a path through the urban fabric, defining a 'Périmètre de Protection des Abords proposé' (proposed protection perimeter). A red star is placed on the map, marking a specific location. In the top right corner, a north arrow points upwards, labeled with 'N'. The map is framed by a red line on the right and bottom sides. The top left corner contains a metadata block with project details, a legend, scale, and contact information for ESpace & TERRitoires.
