The map displays the commune of La Gacilly (56) with its proposed wastewater treatment zone. The central urban area is marked with orange, indicating the proposed zone, while the surrounding areas are marked with blue, indicating the existing zone. The map includes a legend, scale bars, and a title block. The legend defines the symbols for the proposed zone, existing zone, and various steps (STEP) and points (PR). The scale bars show distances in meters for both the communal plan (1:12,690) and the agglomeration plan (1:33,019). The title block provides the commune name, the purpose of the map (actualization of the zoning study), and the date of the map (16/07/2024).
