

Atlas des gisements constructibles pour l'habitat attenants à des espaces agricoles et forestiers

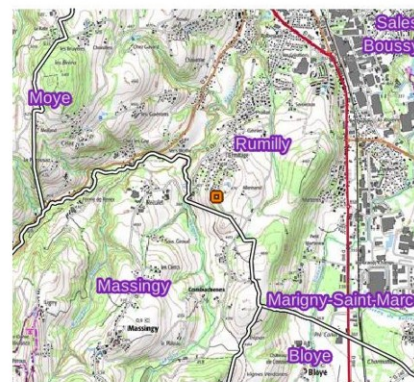

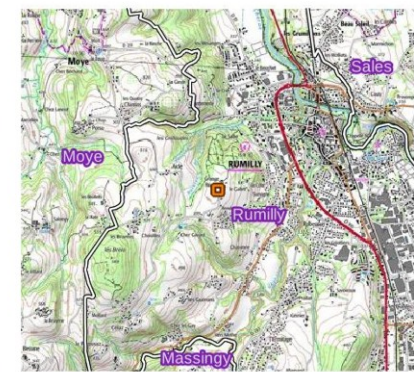

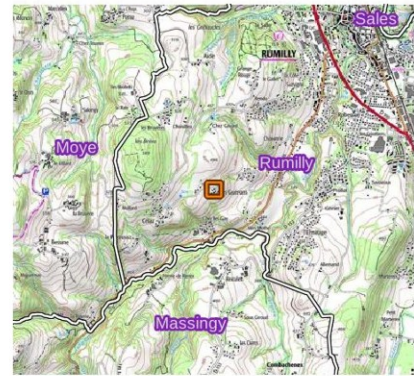

Un certain nombre de gisements pour lesquels le rapport de présentation n'indique pas qu'une autorisation d'urbanisme a été délivrée, ont été identifiés en limite de l'enveloppe urbaine, attenants à des espaces agricoles et forestiers. Ceux-ci représentent un potentiel constructible de 6,2 ha dont 2,8ha sur les communes du pôle d'appui.

Pôle d'appui :

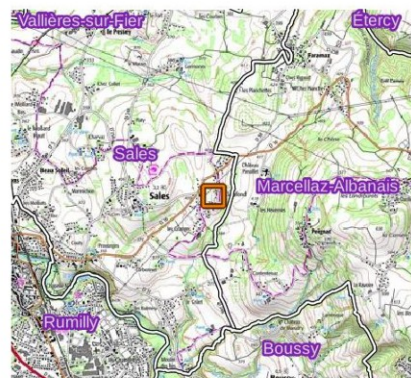

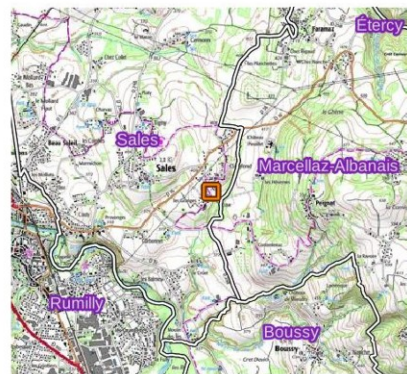

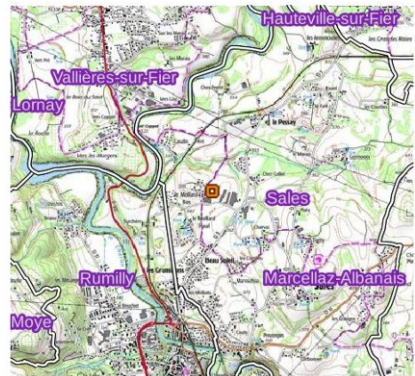

- Rumilly

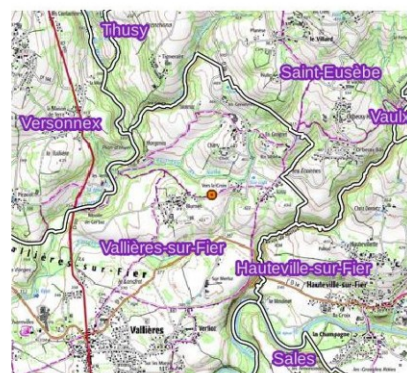

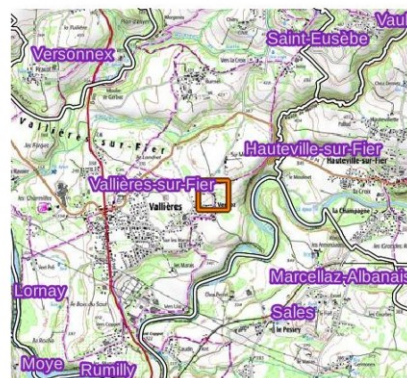

- Sales

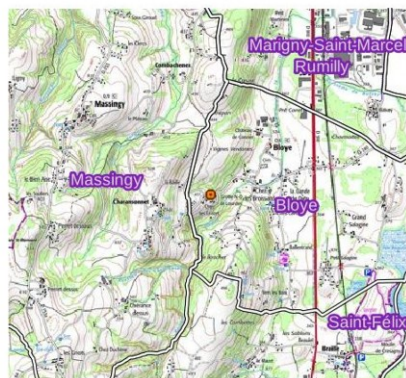

- Vallières-sur-Fier

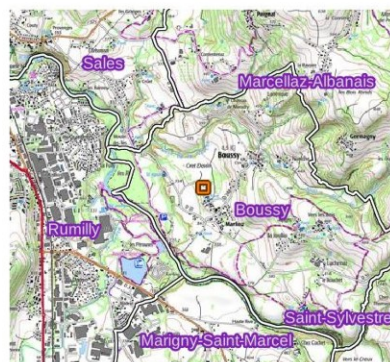

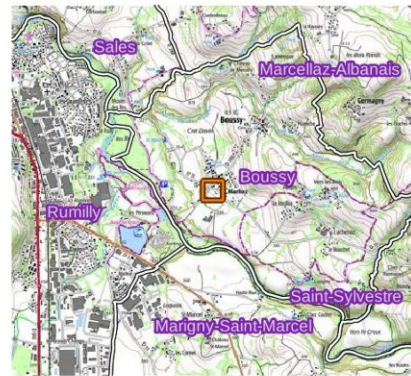

Autres communes :

- Bloye

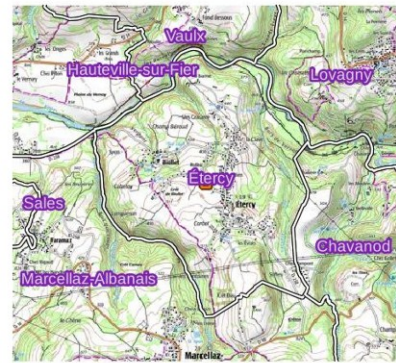

- Boussy

- Etercy

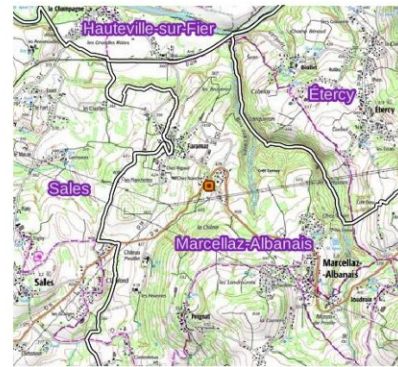

- Hauteville-sur-Fier

- Marcellaz-Albanais

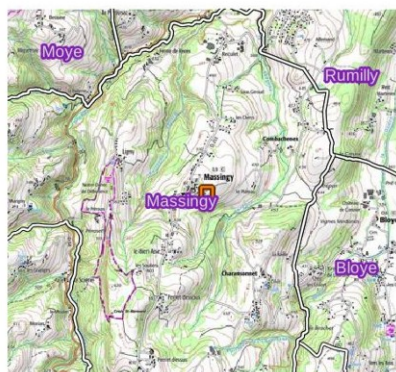

- Marigny-Saint-Marcel

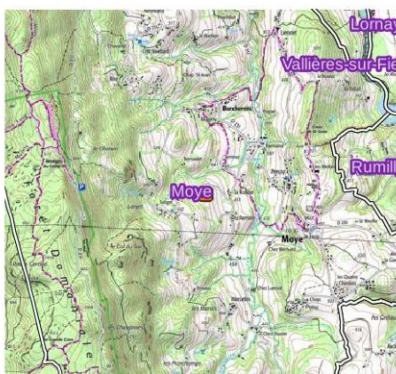

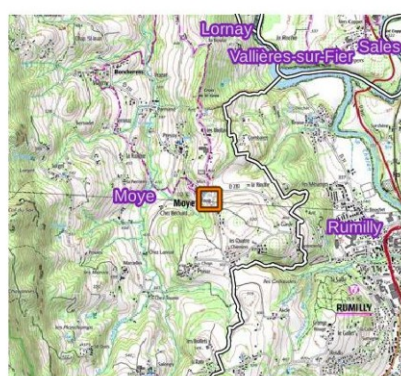

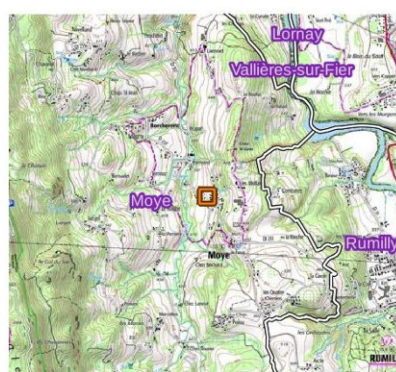

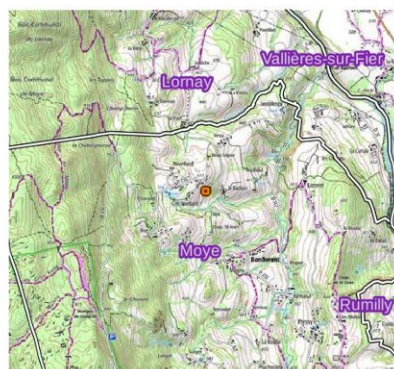

- Massingy

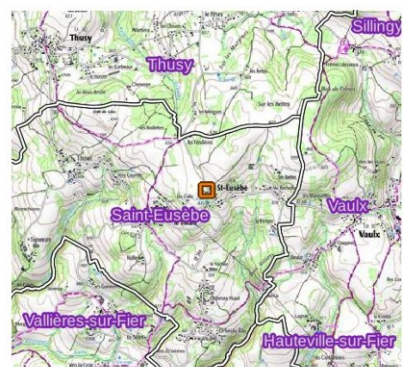

- Moye

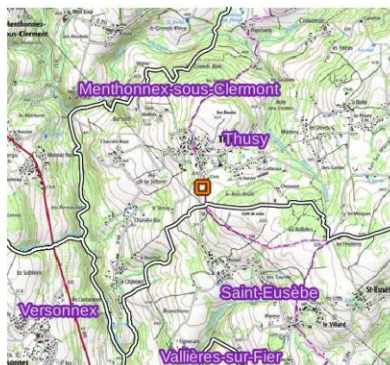

- Saint-Eusèbe

- Thusy

- Vaulx
