This is a detailed cadastral map of the commune of Pioggiula. The map displays a dense network of land parcels, each identified by a unique number. A prominent red line delineates the proposed perimeter of the Affaire de Planification Foncière (AFP). A dashed black line indicates the commune's administrative boundary. A central area is shaded in black, representing the zones constructibles de la Carte Communale. Various parcels are highlighted in yellow, indicating built-up areas: dark yellow for 'bâti dur' (hard building) and light yellow for 'bâti léger' (light building). Brown lines outline the different sections of the commune. The map is oriented with North at the top, as indicated by a north arrow in the legend. A scale bar shows distances up to 500 meters. The map is labeled with 'OB' and '04' in some areas, likely referring to specific sections or parcels.
