This map illustrates the sewerage network and associated anomalies for the 'Base Vie' on 'Ile du Levant'. The network is depicted as a green line with arrows indicating flow direction, starting from various buildings and culminating in an 'Exutoire en mer' (sea outfall) at the top. Numerous anomalies are marked along the network with colored triangles: green for 'Peu grave' (less serious), orange for 'Grave' (serious), and red for 'Très grave' (very serious). Some anomalies are also labeled with numbers (e.g., 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100). The map also shows the 'Cadastre' (land registry) with blue lines for 'Cours d'eau et littoral' (water courses and coastline) and black lines for 'Bati' (built areas). A legend in the top left corner defines the symbols used. A scale bar (1:1 000) and a north arrow are also present. The map is titled 'Plan de localisation des anomalies recensées lors de la campagne de fumigation' (Map of the location of anomalies recorded during the fumigation campaign) and 'Ile du Levant Base vie'.
