The map illustrates the water distribution network for Cambes-en-Plaine. The network is shown as a complex web of blue lines, with thicker lines likely representing main distribution arteries and thinner lines representing local street-level distribution. Buildings are depicted as yellow polygons, and individual parcels are outlined in light grey. The commune's boundary is marked by a dashed orange line. The map is oriented with North at the top, as indicated by the north arrow. The scale bar at the bottom left shows a range from 0 to 250 meters. The map is titled 'Cambes-en-Plaine' and is part of the 'Caenlamer NORMANDIE COMMUNAUTÉ URBAINE' project. It is managed by 'EAU DU BASSIN CAENNAIS', with the version being 2025 and the plan being 1/1. The map was created by RL on 22/06/2025. The direction of the water cycle is indicated as 'Direction du Cycle de l'Eau'.
